Walton Construction Company Awarded US Oncology Project

Eighth US Oncology project for Walton in the Kansas City metro

Kansas City, Mo. (November 18, 2008) – The Kansas City Division of Walton Construction Company, LLC, was recently awarded the contract to do tenant finish for the new US Oncology Center located next to the Shawnee Mission Medical Center in Shawnee Mission, Kan. This is the eighth US Oncology project in the metropolitan area that Walton has been awarded since 2000.

The almost \$2 million project located off 75th Street and I-35 consists of tenant improvements for this 22,000-square-foot cancer care facility. This facility will be located on the first floor of the Santa Fe Medical Office Building, which is currently being built. The project is scheduled to begin mid-November and expected to be completed by March 2009.

The project team, which has been the same for all eight projects, includes the owner, US Oncology and architect, Gastinger Walker Harden.

Walton Construction Company, LLC, which maintains full-service offices in Kansas City, St. Louis, Springfield, Mo., Dallas, Texas and New Orleans, La., is ranked among the top contractors in the United States by Engineering News Record. Established in 1985, Walton Construction has grown steadily to become a leader in pre-construction, general contracting, design-build and construction management services.
